Subjects

Academic collaboration
  model for joint degree nursing programs, 300-306
Academic dismissal
  nursing student charged with drug trafficking, 186-192
Academic freedom
  for faculty, amidst competing demands, 211-216
    academic administrator roles, 215
    faculty roles, 212-215
Academic health centers
  development of faculty leadership, 149-153
Accountability
  technologies of, 210
Accreditation, of nursing higher education programs
  creating meaningful accreditation practices, 140
  faculty uninformed about, 1-2
Acquired immunodeficiency syndrome
  addressing acquired immunodeficiency syndrome (AIDS)/human immunodeficiency virus (HIV) in advanced practice nursing education, 294-299
Acute care
  South Dakota Statewide Nursing Minimum Data Set Project, 76-83
Administrators, of schools of nursing
  and academic freedom for faculty, 211-216
  curriculum revision as transition, 90-98
  ethics and research priorities, 69-73
  mentoring relationships and influence activities, 13-18
  resources for goal achievement, 7-12
  retooling faculty orientation, 84-89
Adolescents
  community-based health care screening for homeless, 316-324
Advance directives
  resuscitating clients against their wishes, 6
Advanced practice nursing
  marketing professional services, 67
  practice domains of clinical nurse specialists and nurse practitioners, 281-287
  role of in books on health care reform, 19-27
Alcohol abuse
  assessment and intervention for in nursing students, 28-37
  faculty development and curricular change for education on, 168-177
American Academy of Nurse Practitioners
  role in Put Prevention Into Practice program, 124-128
American Association of Colleges of Nursing (AACN)
  accreditation, informing faculty about, 1-2
  position statements
    education and practice collaboration, 129-133
    educational mobility, 271
    HIV/hepatitis B in nursing education community, 325-328
    indicators of quality in doctoral programs, 200-202
  web site, 1-2
American Nurses Association
  role in Put Prevention Into Practice program, 124-128
Applied research
  collaboration between community-based professional providers and academia, 307-315
Archives, nursing
  preserving nursing history, 279
Associate degree programs
  framework for teaching critical thinking in, 163
Australia
  nurses' personal constructs about effective nurses, 193-199
Authorship, *see also* Writing
  multiple, issues and recommendations, 262-270
    assigning credit, 263-264
    multisite studies, 265
    pressure to publish, 264-265
    recommendations, 265-267

Baccalaureate degree programs
  creating meaningful accreditation practices for, 140
  critical thinking skills and dispositions of students in, 236-245
  faculty work load issues in clinical education, 154-159
  framework for teaching critical thinking in, 163
  model for joint degree nursing programs, 300-306
Bedside Ethics, 280
Book reviews
  Ahmann: *Home Care for High-Risk Infants. A Family-Centered Approach*, 272-273

Books
  on health care reform, representation of nursing in, 19-27
Boundary violations
  professional boundaries in nursing, 142
Burnout
  in the nursing workplace, 178-185

California
  education and practice partnerships in, 337-343
Caring
  arguments against ethic of care, 217-221
  nursing students' experiences of, and tact of teaching, 228-235
Certification
  master's education for certified nurse practitioners, 288-293
Change, *see also* Health care reform
  in curriculum for substance abuse education, 168-177

in higher education environment, 143-148
versus transition, in nursing curriculum revision, 90-98
Chemical dependency
assessment and intervention for in nursing students, 28-37
Client satisfaction
traditional *v* cluster care, 56-61
Clinical contact hours
credit hours for, in clinical teaching, 154-159
Clinical instruction
student and preceptor perceptions of successful learning partnership, 344-351
Clinical management
recovering the role of, 208
Clinical nurse specialists
in the United Kingdom, 139
practice domains of, compared with nurse practitioners, 281-287
Clinical practice
ethical distress in, 280
Cluster care
client satisfaction with, *v* traditional care, 56-61
Cognitive pathways
and historical research, 365-374
Collaboration
AACN position statement on education and practice, 129-133
between community-based professional providers and academia, 307-315
essence of partnership in research, 38-47
in community-based health care screening for homeless adolescents, 316-324
international, for home care education, 256-261
partnership for joint degree nursing programs, 300-306
Communication
and goal achievement by administrators of schools of nursing, 7-12
in telenursing, 65
resuscitating clients against their wishes, 6
with faculty about accreditation, 1-2
Coping
burnout in the nursing workplace, 178-185
Creative processing
cognitive pathways and historical research, 365-374
Credit hours
work load issues in clinical education, 154-159
Criminal conduct
rights of nursing student charged with drug trafficking, 186-192
Critical thinking
cognitive pathways and historical research, 365-374
framework for teaching and evaluating, 160-167
skills and dispositions of baccalaureate nursing students, 236-245
Curriculum, nursing
addressing HIV/AIDS in advanced practice nursing, 294-299
changes in for substance abuse education, 168-177
need for nursing history in, 141
revision as transition, 90-98
Deans, of schools of nursing
ethics and research priorities, 69-75
profile of
mentoring relationships and influence activities, 13-18
resources for goal achievement, 7-12
when deans must nurse, 331-332
Dignity, human
stealing a nurse's, 63-64
Directors, of nursing educations programs, *see also* Administrators *and* Deans
ethics and research priorities, 69-75
Distress, ethical
support for nurses with, 280
Do-not-resuscitate directives
resuscitating clients against their wishes, 6
Doctoral degree programs
AACN position statement on indicators of quality in, 200-202
evaluating nursing residency using narrative inquiry, 110-123
framework for teaching critical thinking in, 163
international facilitation of, 209
mid-life women students discover "voice," 352-364
Domains, practice
of clinical nurse specialists and nurse practitioners, 281-287
Downsizing
stealing a nurse's human dignity, 63-64
Drug abuse
assessment and intervention for in nursing students, 28-37
faculty development and curricular change for education on, 168-177
Drug trafficking
conflicting rights of nursing student charged with, 186-192

Editorials
reading and writing, 137-138
Editors, nursing
contributions to the profession, 275-276
Education, nursing
AACN position statements
collaboration between practice and, 129-133
indicators of quality in doctoral programs, 200-202
changing environment in higher, 143-148
creating meaningful accreditation practices, 140
educational mobility, 271
international collaboration for home care, 256-261
intervention for substance abuse among students, 28-37
master's education for certified nurse practitioners, 288-293
partnerships with practice in California, 337-343
responsible, 4
teaching scholarship, 278
work load issues in clinical, 154-159
Educators, nurse
quest for renewal, 205-206
Effectiveness
Australian nurses' personal constructs about, 193-199

Elderly clients
satisfaction with cluster care *v* traditional care, 56-61
Emancipation
of mid-life women doctoral students, 352-364
Empowerment
of mid-life women doctoral students, 352-364
Enlightenment
of mid-life women doctoral students, 352-364
Esthetic methods
mid-life women doctoral students rediscover "voice," 352-364
Ethic of care
arguments against, 217-221
Ethical issues
and research priorities in academic administration, 69-75
arguments against ethic of care, 217-221
ethical distress in nursing, 280
for nurses who write, 3
multiple authorship, 262-270
Executives, nurse
engine or anchor?, 66
future organizational leadership, 334
technologies of accountability, 210

Faculty issues
academic freedom amidst competing demands, 211-216
curriculum revision as transition, 90-98
development of leadership, 149-153
facilitating research by senior, 336
faculty development project for substance abuse education, 168-177
legal and ethical issues in writing, 3
retooling faculty orientation, 84-89
uninformed about accreditation, 1-2
work load issues in clinical nursing education, 154-159
Feminism
arguments against ethic of care, 217-221
mid-life women doctoral students rediscover "voice," 352-364
Femur, fractured, with pinning
in South Dakota Statewide Nursing Minimum Data Set Project, 76-83
Freedom, academic
for faculty, amidst competing demands, 211-216
academic administrator roles, 215
faculty roles, 212-215
Funding, for research
from public and private sector, 207
